

GIFTED GROUP

LEADER.....MISS HANNAH

I am a Teacher at Nice View Day care. I would like to write a report of what we are doing at Nice View during this Corona pandemic. We formed different groups based on their interest, talents capability and their willingness.

I like to share shortly of what we are doing in my group. My group is called **GIFTED GROUP**.

I have chosen younger children in my group, because I feel called to bring the word of GOD especially to younger children. With activities like singing, dancing, learning poetry and games, the children will learn more about GOD from me.
